Use a Picture Instead of Instructor Video

**Windows**

1. Open the Tegrity Recorder.

2. Uncheck **Instructor Video**.

3. Click the **Select Picture** button.

4. Click **Browse** and select a picture from your computer.

5. Click **Select Picture**.

**Mac**

1. Open the **Tegrity Recorder**.

2. In the generic, avatar, use **Control + Click** and select **Choose Picture**.

3. Browse your computer to select the picture and click **Open** when done.
