2014 Dr. Robert Boyd Healthy UND Championship Award Nominees

Rosy Dub, Student Health Services

Rosy is a Registered Nurse and Nursing Supervisor at UND Student Health Services. Rosy treats patients with the utmost dignity and respect, assuring confidentiality is maintained throughout each encounter. In addition, she acts with integrity via “closing the loop” as it relates to continuity of care. Mental health issues have become a significant issue on college campuses and Rosy has streamlined the process to insure patients are seen in a timely manner. She was instrumental in getting telemedicine running at Student Health Services so that many patients can be seen by Dr. Feldman. She continues building upon a positive, performance-oriented culture – while keeping staff engaged and committed to organizational goals.

Regin Gallagher, Student

Regin’s position as Culinary Corner Program Manager gives her an easy avenue to promote health, wellness, and nutrition to the campus community. Regin has made major impacts on the Culinary Corner program over the past year, including her use of social media to promote the classes offered. She has updated the Culinary Corner Facebook page, created a Pinterest board and written numerous blog posts for the Health & Wellness blog. In addition to her exceptional work in the classroom and at work, Regin still finds time to volunteer and assist with other events on campus. In her daily life, she continually exemplifies each of the Seven Dimensions of Wellness, and most importantly, encourages others to do the same. Due to her level of professionalism and leadership skills, Regin is well-respected by her peers and faculty members. She was selected for the 2014 Wellness Center Employee of the Year award and named a 2014 Lillian Elsinga Student Leader. She has served as the president for the Student Association of Nutrition and Dietetics and has begun the Coordinated Program within the department of Nutrition and Dietetics this fall.

Tina Huderle, Dean of Students Office

Tina Huderle is a Student Services Officer with the Dean of Students Office and works closely with students who need a little extra help or are being sanctioned for some reason. She has a relaxed approach with students and genuinely wants the best for them and, at the same time, makes it a point to be real and honest with them. She is able to connect with students in a way that allows trust to be built and creates an environment that feels safe. Tina relates to others well and is able to get to the root of an issue, which allows her to understand the student with a holistic view. On her desk, she has a sign that asks “But is it right for students?” It is a constant reminder of the work she does in bringing out the best in our students and helping them be successful, well-rounded individuals. She is highly recommended for this award as she has reached students in a way that makes them think about themselves positively and helps them strive to be better and healthier in the choices they are making. She gives great service to UND, the Dean of Students Office, campus partners, students, etc. She is a positive example of what it means to be a support to students and is great to look up to as a co-worker.
