CEO Cancer Gold Standard™
Re-Accreditation Application 2014

By checking below each accreditation requirement of the CEO Cancer Gold Standard, I hereby certify by my signature on page 2 of this document that each requirement continues to be satisfied in full.

Tobacco Use
☑ Establish and enforce tobacco-free workplace policies.
☑ Provide coverage for, at either no cost or at a reasonable cost-sharing level, evidence-based tobacco-cession treatments (counseling and all FDA-approved prescription and non-prescription medications, as shown in the following chart).

<table>
<thead>
<tr>
<th>Available by Prescription (Rx) only</th>
<th>Availability</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Bupropion SR 150</td>
<td>generic, Zyban, Wellbutrin SR</td>
</tr>
<tr>
<td>2. Varenicline</td>
<td>Chantix</td>
</tr>
<tr>
<td>3. Nicotine Inhaler</td>
<td>Nicotrol inhaler</td>
</tr>
<tr>
<td>4. Nicotine Nasal Spray</td>
<td>Nicotrol NS</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Available Over the Counter (OTC)</th>
</tr>
</thead>
<tbody>
<tr>
<td>5. Nicotine Gum</td>
</tr>
<tr>
<td>6. Nicotine Lozenge</td>
</tr>
<tr>
<td>7. Nicotine Patch</td>
</tr>
</tbody>
</table>

☑ Provide employer-sponsored tobacco-cession programming.

Nutrition
☑ Sustain a culture that values, supports and promotes healthy food choices.
☑ Provide access to healthy weight and/or nutrition programming.

Physical Activity
☑ Sustain a culture that values, supports and promotes physical activity.
☑ Provide access to opportunities for physical activity.

Prevention, Screening & Early Detection
☑ Sustain a culture that values, supports and promotes the prevention, screening and early detection of cancer.
☑ Ensure that health benefits plans cover, at either no cost or at a reasonable cost-sharing level, screening services for breast, colorectal and cervical cancer, and all FDA-approved vaccines for the prevention of cancer.
Access to Quality Treatment & Clinical Trials

Ensure that health benefit plans provide access to cancer treatment at Commission on Cancer-accredited facilities and/or National Cancer Institute-designated cancer centers.

Provide education about cancer clinical trials.

Ensure that health benefit plans continue to provide coverage for the current standard of care when covered individuals are participating in cancer clinical trials.

Further, I have read the description of the updated Gold Standard and hereby certify that we will work toward implementing the updated requirements. We understand that we will need to meet all updated requirements by the end of 2015 at the latest, in time for the January 1, 2016 reaccreditation.

Preparer Certification

CEO Affirmation

On behalf of my organization, I hereby re-affirm my personal commitment to fighting cancer through prevention, early detection and quality care. I am committed to continuing to satisfy all current requirements of the CEO Cancer Gold Standard. Further, I have read the description of the updated Gold Standard and hereby pledge to meet the additional requirements as soon as possible, and no later than the end of 2015 for the January 1, 2016 reaccreditation.
