GRADUATION APPLICATION

Submission of this form is necessary to graduate as a Scholar in the Honors Program or with Senior Honors. Failure to submit it on time (due no later than 4 weeks after the start of the semester in which you intend to graduate) might result in delayed graduation or graduation without full recognition of your accomplishments.

Completing this form indicates your intent to finish the Honors thesis and graduate. If you do not finish the thesis and/or change your graduation date, you must notify the Honors Program and resubmit this form during the semester you do plan to graduate.

Please note that you must also file for graduation with your college. If you are graduating through the Honors Program and no other degree-granting program, you will earn an Arts and Sciences degree, so you must complete a graduation form with the College of Arts and Sciences as well as Honors.

Graduating Year & Semester: ____________________ Date Submitted: ________________

Name: ________________________________ EMPLID: ____________________
   (As you wish it to appear in the graduation program)

Email: ________________________________ Phone __________________________
