Theses should be printed on quality white printing paper, 8.5 x 11 in. Minimum margins of 1.5" on the left and 1" on the other three sides should be set. Title page information should be centered on the page with a 3-4 inch margin from the top of the page. Use the following wording:

(Title)

by

(Author)

A Thesis

Submitted to the

University of North Dakota

Honors Program Committee

In Partial Fulfillment of the Requirements

For Graduation

As a Scholar in the Honors Program

[ With Senior Departmental Honors ]*

Grand Forks, North Dakota

(Date)

*Honors Program students should substitute the words "As a Scholar in the Honors Program" with the following: "With Senior Departmental Honors."

The bibliographical style and format should be that in most general use in the field of study, as advised by the student's committee (e.g., APA, Chicago, MLA, etc.). Consistency of style throughout is essential.

Typing should be double-spaced. While laser/color copies are not required, the image should be sharp and clear for photocopying. Charts, graphs, illustrations, etc., should be on regular bond paper or on as high-grade paper as can be used for the particular purpose. The original work should be used for the first copy, unless its physical format or condition preclude binding (e.g., tracing on vellum), then it should be copied on bond paper.

Before the submission of the thesis to the Chester Fritz Library, it is the student's responsibility to make at least two copies of the final thesis, and the student may want to make others (for himself or herself, the department, etc.). The student must bear the costs of reproduction and the binding of the copies.

Copies must be deposited with the Periodicals Office, basement level of the Chester Fritz Library, together with the Binding Form from the Honors Program Office and the required fees for binding. Copies of previous Honors theses can be inspected in Chester Fritz Library (which has a full non-circulating set) and the Honors Program Library (which has a non-circulating set).

For additional advice on preparing the manuscript, see the UND Graduate College’s “Style Manual for Dissertations and Theses” here: http://graduateschool.und.edu/_files/docs/2016-03.28.2016styleguide.pdf.
