University of North Dakota
Cost Transfer Explanation & Justification Form
for Cost Transfers greater than 90 days

Why is this cost transfer being requested more than 90 calendar days after the transaction posting?

I incorrectly charged project UND0012345 instead of UND0054321. This was a data keying error that I notice when we reconciled our account. The project was not reviewed until now as individuals have not been in the office.

What action is needed to eliminate future cost transfers of this type?

We will be reviewing all charges on a monthly basis. If individuals are out of the office, the appropriate reports are being run and emailed to the PI for review.
