Average Credit Load of undergraduate students

How many credits, on average, do students take? The below graph shows student totals for FALL semester, by full-time (FT) and part-time (PT).

On average, FT undergraduates enroll in 30 credits in fall & spring while PT undergraduates enroll in approximately 11 credits during that same time frame. (Summer isn't included in these averages.)

Note: student population is quite varied from the student population in fall and spring.
