SECTION 6: STUDENT ORGANIZATIONS

6-5 RIGHTS OF STUDENT ORGANIZATIONS

An established student organization at UND, as defined in Section 6-2 of the Code, is entitled:

A. To sponsor or present public performances on University property.

B. To raise funds or make other permissible solicitations on University property as stated in University policy (Section 5-7 of the Code).

Fundraising by student organizations on University property cannot conflict with contractual obligations of the University. For questions regarding student organization fundraising, contact the APD.

C. To reserve and use University facilities (Section 5 of the Code).

D. To be eligible for funding through established sources, according to appropriate funding guidelines. Recognized student organizations, as defined in Section 6-2-A of the Code, may apply for funding through the Student Senate, the Student Communications Funding Committee (SCFC), and the Student Organization Funding Agency (SOFA). Governing councils may apply for funding through SOFA.

E. To govern by decision of student members in areas related to finances, election and removal of officers, removal of members, amendments to the constitution and bylaws, and other areas as defined by each organization.

F. To examine and discuss all questions of interest to them, and to support causes by orderly means which do not disrupt the regular and essential operation of the University. Students and organizations speak only for themselves in their public expressions or demonstrations.

G. To invite and hear any person of their own choosing following the procedures which ensure appropriate scheduling of facilities. The institutional control of campus facilities should not be used as a device of censorship. Sponsorship does not necessarily imply endorsement of the views expressed, either by the student organization or the University.
