University of North Dakota Faculty

Join your colleagues in discovering the benefits of upgrading to TurningPoint Cloud in an upcoming webinar hosted by Turning Technologies. Our implementation experts will provide an overview of the software's newest features, a seamless path for transition and future developmental plans.

Session Description

TurningPoint Cloud ties familiar desktop functionality to a cloud-based interface that leverages a secure, centralized location to manage courses, rosters and assessment data. Register today to learn about the latest features and enhancements implemented from customer feedback to effectively engage all learners, measure understanding and track student progress.

Wednesday, April 6th - Thursday, April 7th
