

On May 21, 2024, Sarah Nash and Nichole Atallah (PilierioMazza) will be presenting a webinar titled “Revamped Davis-Bacon Act Reshapes Labor Landscape for Construction Contractors.” In 2023, the Department of Labor (DOL) implemented the most extensive overhaul of the Davis-Bacon Act (DBA) in over 40 years. This update will have a significant impact on construction contractors who employ laborers and mechanics in the industry. The changes introduced by the DOL will affect the determination of prevailing wage rates and the handling of misclassifications and work site expansion, among other things. In this webinar, we’ll examine the most crucial changes in the DBA rule, their impact on commercial companies, and the common compliance issues you should be aware of.
