

Honors Thesis/Project Grade Report

The thesis/project primary faculty advisor will be responsible for overseeing the Honors student's thesis/project progress during the semester and will be the person who has ultimate authority to determine the student's final grade. No later than **3 p.m. on the Friday of finals week of that semester**, the faculty advisor (after consultation with any other committee members, like an optional honors contact or an optional additional committee member) should submit a recommended grade for the thesis/project to the Honors Director (see details below), who will register it before grades are due. Extensions will not be granted, except in extenuating circumstances. The faculty advisor should alert the Honors Director (at least two full weeks before the Friday of Finals Week) in such cases to determine whether an Incomplete is appropriate (see #3 below).

This form must be received directly from the Thesis/Project Primary Faculty Advisor or designated faculty committee member either mailed, emailed, or dropped off to Rebecca Rozelle-Stone, Honors Director, Honors Program Office, Box 7187 (Columbia Hall, Room B307). If scanning and emailing, please send to: Adrian.rozelle@und.edu. This form must be received no later than **3 pm on the Friday of finals week in which the work is completed**.
