**How to schedule a tutoring appointment in Starfish:**

1. Go to logins on the UND.edu website and click on Starfish
2. Log in using your NDUS credentials
3. From here, you have two options to schedule a tutoring appointment
   a. You are launched into “My Success Network” in Starfish, from there scroll to find the Learning Services: Tutoring Tile under “My Services”
      i. Click on the title line, *Learning Services: Tutoring*
      ii. Choose a tutor for the appropriate subject from the list of tutors you see
   b. Go to [https://und.edu/academics/services/learning-services/appointment-based-tutoring.html](https://und.edu/academics/services/learning-services/appointment-based-tutoring.html)
      i. Select the subject for which you would like to meet with a tutor
      ii. On the schedule, select the link to schedule an appointment with the tutor of your choice

4. After you have selected a tutor to meet with, you will see the option to **SCHEDULE APPOINTMENT** on the left-hand side.

5. Select the day and time that works best in your schedule. Note: appointments are available for longer than 15 minutes, but you will choose the first 15-minute period that works for you.
a. If you wish to meet with the tutor for longer than 15 minutes, you can change the duration of the meeting. This step is not necessary if you plan to meet with a tutor for 15 minutes.

b. If you choose to change your appointment length:

6. Confirm that all details are correct and share any information you would like with your tutor. You will be sent an email with details regarding your meeting with the tutor and any additional information you may need prior to your appointment.

If you run into any difficulties scheduling a tutoring appointment, email und.tutoring@und.edu, and we will happily assist you through the process. Learning Services looks forward to working with you!
