

## Syllabus Statement

Below is a statement explaining Starfish and some of its main uses to students. Feel free to add it to your syllabus or post it in your Blackboard course site.

### **UND Cares about Your Success**

Important information is available to you through Starfish, which is an online system used to help students be successful. When an instructor observes student behaviors or concerns that may impede academic success, the instructor may raise a flag that notifies the student of the concern and/or refer the student to their academic advisor or resource on campus. Please pay attention to these emails and take the recommended actions. They are sent to help you be successful!

Starfish also allows you to (1) schedule appointments with various offices and individuals across campus, (2) request help on a variety of topics, and (3) search and locate information on offices and services at UND.

You can log into Starfish by clicking on **Logins** on the UND homepage and then selecting **Starfish**. A link to Starfish is also available in Blackboard once you have signed in.
