b. Mr. Clauson gave a Staff Senate update. He reported that Staff Senate will have a 20th Anniversary reunion celebration in December. He also reported that there will be a UND Takeover event Wednesday, December 12 after work.

c. Mr. Hanson gave a Student Government update. He stated that students approved the increase in fees to build a new Memorial Union. The Student Senate is also gearing up for the legislative session.

d. Madhavi Marasinghe, CIO, University IT, provided an update on multi-factor authentication. The product is DUO Mobile. You will need to use your standard login/password as well as the multi-factor authentication.

5.

Quorum was established.

6.

Mr. Todhunter called attention to the minutes of the November 1, 2018, University Senate meeting; without objection, the minutes were approved.

7.

Mr. Todhunter provided an update on the status of the SELFI. A SELFI Committee has been working diligently over the past several months to share information as soon as it is available. Videos have been created to inform students about the importance of the SELFI and there has been communication to instructors regarding training.

8.

The twenty-minute question period opened at 4:15 p.m.

Mr. Petros asked about the SELFI standard qualitative data being shared with chairs. He stated that he believes the Faculty Handbook states that only aggregate quantitative data is made available to chairs and deans for teaching evaluation. Mr. Todhunter said the Faculty Handbook will be reviewed for wording on this matter. SELFI procedures and the Faculty Handbook must be in agreement.

Mr. Petros asked if a statement as to what percent of completion makes data useful/meaningful could be added to the Dashboard. Mr. Hanson replied that students understand the importance of a higher number of reviews. Mr. Todhunter stated that the SELFI working group has adopted 60% as a target goal.

Ms. Rogers asked if the student’s expected grade could be a question on the SELFI.

Mr. Mochoruk asked if we could use previous SELFI data in the new dashboard, even if on a voluntary basis.

Ms. Gjellstad asked if individual data was going to be compared to department norms. Mr. Holm said it was not considered.

Ms. Alberts asked if the legality and FERPA issue has been addressed regarding students for whom classroom teaching is part of their degree program. Mr. Todhunter stated student instructors, in such cases, would be asked to sign a waiver. A signature would be needed before the results could be released.
Ms. Alberts asked if there has been a consideration on condition of employment regarding the SELFI results. Mr. DiLorenzo stated this is only one metric of many that should be used.

Ms. Alberts asked about our minimum undergraduate and graduate class sizes versus those at NDSU. Mr. DiLorenzo does not know NDSU minimum standards, but ours are not hard set.

The question period ended at 4:28 p.m.

9.

Mr. Todhunter called attention to the Annual Report from the Senate Library Committee. The report was accepted and filed.
