

On May 9, 2024, Jennifer Whittington (NW Louisiana APEX Accelerator) will be presenting a webinar titled “Contracting After Disasters.” In a world where disasters, whether natural or man-made, can strike at any moment, every state must be prepared to handle crises efficiently. During emergencies, contracting rules undergo significant changes, misinformation spreads like wildfire, and many small businesses—eager to tap into government spending—find themselves lost in the chaos. This webinar aims to shed light on the truth behind contracting during disasters.

As a client of Apex Accelerators, you can attend this webinar at no cost to you. If you are interested in this subject, check out the details below and register today!
