

# Doing Business with the National Park Service

## Government Contracting Webinar

The U.S. government is the largest customer in the world. It buys all types of products and services — in both large and small quantities — and the government works to make sure small businesses get at least 23% of all federal contracting dollars.

Join us to learn from Ron Kesterson with the National Park Services, Contacting Operations Central as he presents an introduction to the National Park Service, upcoming projects of interest, and small business considerations.

### Please join us if:

- ✓ You are interested in selling to the federal government
