- Est. time to complete: 1 year
- Credit hours: 9

Why Earn a Behavioral Health Certificate at UND?

Psychology gives us insight into human behavior, and a Behavioral Health certificate provides further knowledge about how health care provider-patient interactions, behavior modification and therapy can change behaviors to promote health and well-being.

Courses are offered through UND’s Department of Psychology, which is top-rated with professors from a variety of backgrounds and research areas.

To complete the certificate, you’ll be required to complete a minimum of nine credit hours in a variety of topics, which translate to a number of fields, giving you options in your career goals.

Helping Solve Social Problems

UND’s Newzaira Khan wants to change the world for the better.
