Gain professional skills in early childhood education in the most efficient way possible through our 100% online accelerated degree program.

In this online accelerated degree program, you'll complete a Bachelor's and Master's degree in 3 years. The time you spend in the Early Childhood Education program will transform you into an observer, learner and independent decision-maker with an effective teaching style for children. Complete field experiences where you live with children birth to age 8, and become eligible for licensure in Early Childhood and Special Education.

**Program Snapshot**

| Program type: Combined (Major and Master's) |
| Format: Online |
| Est. time to complete: 3 years |
| Credit hours: 84 |

**100% Online Combined Early Childhood Education Degrees**

With the online accelerated degree program, you'll gain a bachelor's in Early Childhood Education, Special Education minor and master's in Early Childhood Education. Upon degree completion, you will be eligible for licensure in Early Childhood Education and Special Education. Become a leader in early childhood education as a teacher, mentor, curriculum specialist, early interventionist, or administrator.

As you earn your online early childhood education degree, you'll focus on children in the context of family, culture and community. You'll explore developmentally appropriate practices, emergent curriculum, descriptive assessment, and problem-solving approaches to resolving conflict and choices for children. As a student you will experience scholarly application for practitioners and may continue your education to pursue a Doctorate of Education.

**How Does an Accelerated Early Childhood Education Program Work?**

Early Childhood Education B.S. + Special Education Minor + Early Childhood Education M.S.

The online accelerated degree programs for the M.S. or M.Ed. in Special Education allows those with an associate's degree in education or currently enrolled undergraduate students at UND an opportunity to complete the requirements for both the bachelor's and master's degrees at an accelerated pace. Undergraduates with 60 credits or those currently in an Education degree program are eligible for consideration for the accelerated degree program.

All requirements for both the undergraduate and graduate degrees must be met, and these students may double count up to 12 graduate-level credits towards the requirements for their undergraduate degree and their M.S degree requirements. Accelerated degree students must obtain their M.S degree within 12 months of completing their undergraduate degree, provided that the degree requirements can be completed in that time frame.

**Best Online Early Childhood Education Program in the Upper Midwest**

The University of North Dakota offers a highly accredited master's in early childhood education program and has numerous partnerships to provide greater education for current and aspiring educators. UND has a partnership with McCormick Center for Early Childhood Leadership and offers Aim4Excellence, an engaging and interactive learning experience for developing the educators' leadership and management competencies.

#14 - Best Early Childhood Education Bachelor's Programs for 2019
