Electrical Engineering Minor

Develop knowledge used to help power the integral components of our world.

Couple your desire to innovate and problem-solve with a great education, and get a minor in Electrical Engineering.

**Program type:** Minor  
**Format:** On Campus or Online  
**Est. time to complete:** 2 years  
**Credit hours:** 21

**Why minor in electrical engineering at UND?**

Electrical engineers are integral to creating the components that power our world, today and in the future. It's a fascinating, challenging and rewarding profession that offers many different specialty options, excellent compensation and exceptional opportunity.

With this UND minor program, you'll benefit from a curriculum that provides a strong foundation in the traditional and contemporary areas of electrical engineering, along with opportunities to:

- Get the hand-on experience that will develop your ability to identify, formulate and solve electrical engineering problems.
- Learn leadership, communication, multidisciplinary teamwork, entrepreneurial and lifelong learning skills necessary for success in a global marketplace.
- Gain the valuable skills to practice electrical engineering and related fields.

**ABET Accredited Electrical Engineering Degree**

Study electrical engineering at an accredited university. UND’s undergraduate electrical engineering program is [ABET](https://www.abet.org) accredited.

**Explore More Options**
