Geospatial Technologies Minor

Add to your degree with skills in location analysis and assessment.

Geospatial Technologies is everywhere around us and is easier to access than ever. Be on the forefront of this technology with the Geospatial Technologies minor.

**Program type:** Minor  
**Format:** On Campus  
**Est. time to complete:** 1-2 years  
**Credit hours:** 21

**Why study geospatial technologies?**

In the face of global challenges, professionals with skills in geospatial technologies are increasingly in demand. Prepare yourself for a variety of careers that rely on tools such as GIS, remote sensing and global positioning systems (GPS).

The Geospatial Technologies minor pairs well with many majors including:

- Airport Management
- Biology
- Engineering
- Geography
- Geology
- Civil Engineering

**Geospatial Technologies at UND**

- Engage in lab and field experience as part of some geography classes.
- Join Gamma Theta Upsilon, the geography honor society.
- Participate in active research with faculty within the department and across campus.

**Explore More Options**
