Psychology (B.A. or B.S.)

Study the intricacies of the human mind and prepare for a fulfilling career in mental health care, research and beyond.

Human behavior is an endless source of fascination. As a Psychology major at UND, you'll explore why people behave the way they do and learn how to evaluate and address a variety of psychological issues.

Program Snapshot

Program type: Major  
Format: On-campus or online  
Est. time to complete: 4 years  
Credit hours: 120 (major), 20 (minor)

Why Study Psychology at UND?

The study of psychology offers valuable insights into human behavior. The major in Psychology at UND combines coursework, research and other hands-on opportunities. This approach will give you a comprehensive education in the field of psychology.

You'll choose from several options:

- The B.A. in Psychology  
- The B.S. in Psychology  
- The online B.A. in Psychology, a full- or part-time program offered 100% online

You can further customize your psychology bachelor's degree with a specialized certificate in one of the following areas:

- Forensic Psychology  
- Behavioral Health  
- Cyberpsychology

You'll learn the principles and theories of behavior and explore the scientific underpinnings of psychology — and learn how psychology applies to everyday life.

Top Online Psychology Degree in the Nation
