

## Instructions for Accessing Animal Care Training Courses through the AALAS Learning Library

1. [www.aalaslearninglibrary.org](http://www.aalaslearninglibrary.org)
2. Try it for free!
3. Choose "Signup" under the Free Box.
4. Fill in your details or log in if you have completed this step.
5. Complete and save information. It is important that you save this information as you will have to login in again.
6. Choose on the right side under "Libraries", "Free Courses", "Animal Care & Use Courses", "Species-Specific"
7. Complete all courses that pertain to your research. Minimum requirement is "Introduction to Mice" or "Introduction to Rats", "Working with the Laboratory Mouse".

Recommended Courses dependent on research:

Introduction to Laboratory Animal Medicine

Anesthesia, Analgesia, and Surgery Minimizing Pain and Distress

9. Print out the "CONGRATULATIONS – YOU PASSED." page and **attach** to the ANIMAL CARE AND USE COURSES COMPLETION form, located on CBR website under the training tab. If you have a problem printing out this page select the link to the "Subscriber Center" in the upper right side of the page. Then, select the link for "Personal Access". You will see a link to "My Transcript". Print out your transcript or individual course certificates.
10. Keep a copy for your files and deliver originals to the CBR office.
