

# Campus Climate Survey Quick Takes

## Quick Takeaways for University of North Dakota

The EAB Campus Climate Survey is an anonymous online instrument that assesses students' perceptions, behaviors, attitudes, and experiences with regards to sexual violence and diversity and inclusion during the current academic year. EAB works with institutions to customize the structure of the survey and launch the survey on campus in annual spring cohorts.

The spring 2018 cohort included 42 institutions in the United States and Canada.<sup>1</sup> Institutional surveys were generally open for three weeks during the spring 2018 semester. Surveys asked about students' experiences since the beginning of the current school year (fall 2017). The average response rate was **17%**, compared to UND's response rate of **26%**.

### Spring 2018 Cohort Snapshot

**42**

Participating institutions
