How long have you worked for Wellness & Health Promotion?

I have worked for Wellness & Health Promotion for a little over a year as an Official and Supervisor

What skills have you learned working at the Wellness Center that you will take with you in your future career?

As an Official and Supervisor, I have developed conflict management and communication skills that I will take into my future career.

What is your greatest accomplishment?

My greatest accomplishment would probably be receiving two different awards in high school hockey. Those awards were the 7th man award (hardest worker) which I got in both my junior and senior years and the Hobey baker award (good character) which I got in my senior year.

What do you do outside of work and school hobbies/hidden talents?

Outside of work I enjoy playing hockey, spending time with family and friends, playing video games, and watching movies

If you could go anywhere in the world, where would it be and why?

If I could go anywhere in the world I would go to Europe, more specifically France or Germany. I would like to travel to Europe because it has rich history that I would like to explore, but also because Europe is such a different environment from the Midwestern United States where I have spent most of my life.
